

User Interface Kit

Our Core

1

Our Core

DEVHIVE SPACE is built for creators who want to share their stories, express their creativity, and connect with others through customizable posts, images, and text formatting.

Connection

We value meaningful engagement over vanity metrics.

Our Logo

2

Our Logo

Our logo has a sharp, modern look with a gold/yellow X-shaped design. It has a shadow that adds depth. Pointed shapes stick out evenly, with triangles above and below, giving it a balanced feel. The clean lines and angles make it look techy and smart.

Our Brand Voice

3

Our Brand Voice

At **DevHive Space**, we simplify social media management for creators. We've built a streamlined, intuitive hub, saving you time and amplifying your reach.

**One Hub, All Platforms:
Create Once, Reach Everywhere**

Our Palette

4

Our Palette

Our color palette embodies the **DevHive Space** spirit through a balanced combination of deep blues and vibrant yellows. The **navy** provides stability and professionalism, while the **golden yellows** bring warmth and creativity. This contrast creates a visual language that's both trustworthy and energetic. Secondary blues and softer yellows expand our range, allowing for versatility across different touchpoints while maintaining a cohesive brand identity. Together, these colors represent our commitment to empowering creators with tools that are both powerful and approachable.

Our Typography

5

Our Typography

We use a mix of strong and versatile typefaces to balance bold expression with readability. Coda Caption brings impact for headings, while Myanmar Khayay and Inter offer clean, legible options for body text across interfaces.

Coda Caption

Our Data Visualization

3

Our Data Visualization

We prioritize:

Meaningful insights over decorative elements. Every visual element should serve a purpose in understanding the data. Clean, uncluttered designs with appropriate spacing help maintain focus on what matters.

Line Chart:

Use for visualizing trends over time such as follower growth, daily post engagement (likes, comments, shares), or ad performance across dates.

Pie Chart:

Visualizing proportions and distributions within a dataset.
